

## The Christian Bluegrass Association

### Narrative Description of activities

The Christian Bluegrass Association was organized exclusively to provide Bluegrass Church Service at any bluegrass event that is held on a Sunday. People attending Bluegrass Festivals are sometimes far away from their hometown and home church. We are dedicated to provide them with a Bluegrass Church Service while they are at the festival. Our Bluegrass Church service will usually be held outdoors on Sunday morning at a festival. It will usually be approximately one hour long. We will usually use bluegrass musicians to provide music, and a 20 minute Bible based message will be preached. The Christian Bluegrass Association is run entirely by volunteers.
